Director's Note

Welcome to Disney's *101 Dalmatians KIDS!*

I am so thrilled that you've joined us for this unique and exciting production! This adorable tale of good conquering evil is not only a stylish period piece, but also features familiar tunes from the animated film that will have you grooving in your seat. Further, the cast and team has worked incredibly hard to bring you a multimedia, 360° "in-the-round" experience that you won't soon forget!

Putting together this Disney classic with such a young and passionate group has been as artistically exciting as it has been heartwarming. I am proud to be able to say that several of the young performers you'll see onstage today are participating in their first-ever show! It is especially touching to be a part of this important milestone in their theatre journey, and I hope they leave this experience with the same excitement and curiosity with regard to this art form that I felt when I was their age.

I want to extend a heartfelt "thank you" to the entire production team for their dedication and support throughout this process. Their vision, tenacity, and spirit were truly an integral part of getting this production ready for an audience, and I could not think of a better group of people to have by my side. On a personal note, an extra special thanks goes to Meg Gore, our producer and the owner of this company. The opportunities and guidance she's provided me with have been positively invaluable throughout my high school career. Though my graduation will put physical distance between us, the impact of her mentorship and friendship will stay with me for the rest of my life.

Enjoy the show!
